40 Treasure Drive, Brampton, ON L7A 3L1

Cell: 437-258-0899 | jsin1761@my.centennialcollege.ca | [LinkedIn](#)

HIGHLIGHTS OF QUALIFICATIONS

- 2+ years of professional work experience as a **Software Developer** and **Tester**; Student of software engineering, specializing in Health Informatics Technology and holds a Bachelor of Computer Science degree
- Skilled in designing user friendly software, including knowledge of both frontend and backend development
- Experience in creating software applications and database from concept to design to testing
- Extensive knowledge of user-oriented interface development, including responsive and accessible design
- Familiar with structure of information systems, data security and privacy
- A collaborative and analytical Developer, with excellent problem solving and troubleshooting skills

TECHNICAL SKILLS

Programming:	Java, C#, SQL, .NET, JavaScript, HTML, CSS
Tools:	GitHub, Trello, Visio, Visual Studio Code, MS Office
Testing Tools:	Kamino, Nautilus, Trulio, Quip
Operating Systems:	Windows, Oracle, Linux, Unix

RELEVANT EXPERIENCE

UAT Compliance Tester | Amazon Services, Bangalore, India Jan 2023 - June 2023

- Perform user compliance testing, methodologies, tools, and best practices for Amazon Services
- Tested new database software programs using pre-established procedures and documented findings
- Create test plans, defining test scenarios, and **designing test cases**; Performed UAT KYC testing
- Demonstrate proficiency in testing tools such as Kamino, Nautilus, Trulio, Quip
- Developed and maintained interactive and intuitive dashboards and reports in Microsoft Excel

Software Developer | I Tech Computers, Chandigarh, India Sept 2021 - Dec 2022

- Programmed, tested and documented new health database using **SQL**.
- Assisted team on implementing new software successfully
- Developed and maintained web applications using HTML and CSS
- Conducted **code reviews** and implemented quality control procedures to ensure error-free code
- Successfully **developed and administered Customer Administration System**; system included several applications that implement CRM/ERP customer administration functionality: customer data, billing information administration, finance analysis and reporting, data export

SELECT PROJECTS

Amazon Payment Product's KYC UAT (EU)

- Performed UAT Compliance-KYC testing for 8 EU marketplaces
- Conducted in-depth sessions for reviewing test plan and phases of testing with Stakeholders, Tech team
- Successfully tested payment products using multi tender ways on Amazon's eCommerce website and mobile applications (**Android and iOS**)

JASHANDEEP SINGH

40 Treasure Drive, Brampton, ON L7A 3L1

Cell: 437-258-0899 | jsin1761@my.centennialcollege.ca | [LinkedIn](#)

- Executed UATs on one or more critical programs/tasks for payment products
- Performed different types of testing such as **Unit testing, Regression testing, Usability testing**, among others

EU Weekly Operation Report

- Regular monitoring of SLA metrics and monitoring Key Performance Indicators (KPIs) such as response time, resolution time, uptime, availability, and other relevant metrics
- Generating SLA reports on a periodic basis using MS Excel and presenting reports in various formats, such as tables, charts, graphs, and dashboards, to provide clear and concise information
- Worked in teams to modify the dashboards to reflect the latest trends data

EDUCATION

Health Informatics Technology (Co-op) Advanced Diploma 	Sept. 2023 – Present
---	----------------------

Centennial College, Toronto, ON

Courses: Java Programming | Data Warehousing and Data Mining |

Structures of HCIS | Web App Development |

Computer Techniques in Medical Imaging | Testing & QA |

Software Systems Design

Bachelor of Computer Science - Information Technology	July 2018 - 2021
--	------------------

DAV College, Kanpur, India

- Received Canadian equivalency to Bachelor of Computer Science by World Education Services (Toronto, ON)
